

## CROWN TABLE LOW

Where timeless elegance meets architectural inspiration in mouth-blown glass. Each table is a single, sculptural piece, featuring a circular tabletop supported by four merged cylindrical legs. Drawing from the raw forms of Brutalist architecture, the design highlights the beauty of columns while embracing minimalist aesthetics. Available in two sizes and two unique colors. Crafted from mouth-blown glass heated to 1500 degrees, the table takes shape in a custom mold before being tempered for strength. The base is precision-cut, and the inner surface spray-painted for its signature color. The glass table is mounted on a sturdy wooden base with internal metal support, ensuring both stability and durability. With its sculptural form and refined craftsmanship, the Crown Table is a striking yet versatile piece, perfect for elevating both residential and commercial spaces.
